TESTIMONIALS
Maria: The products are great and I enjoy using them. Most products such as concealer irritate my skin, but not Melanin.
Melissa: I am so happy that there are products such as Melanin, I could never find makeup products that would match my skin tone. I always struggled, until now, I can order a custom kit!
Ana: Great product, love the fact that its organic and developed by skin professionals

MELANIN
PROMOTION CODE

Our Philosophy.
To make everyone get their custom Skin tone Products.
Our ingredients are developed by dermatologist in order to get the right formula for you! Our products are customized to your exact skin tone. No need to search any further for the perfect shade for your skin! Beautiful in your own shade!
