

# Home & Abroad

*Maria Vidoza*

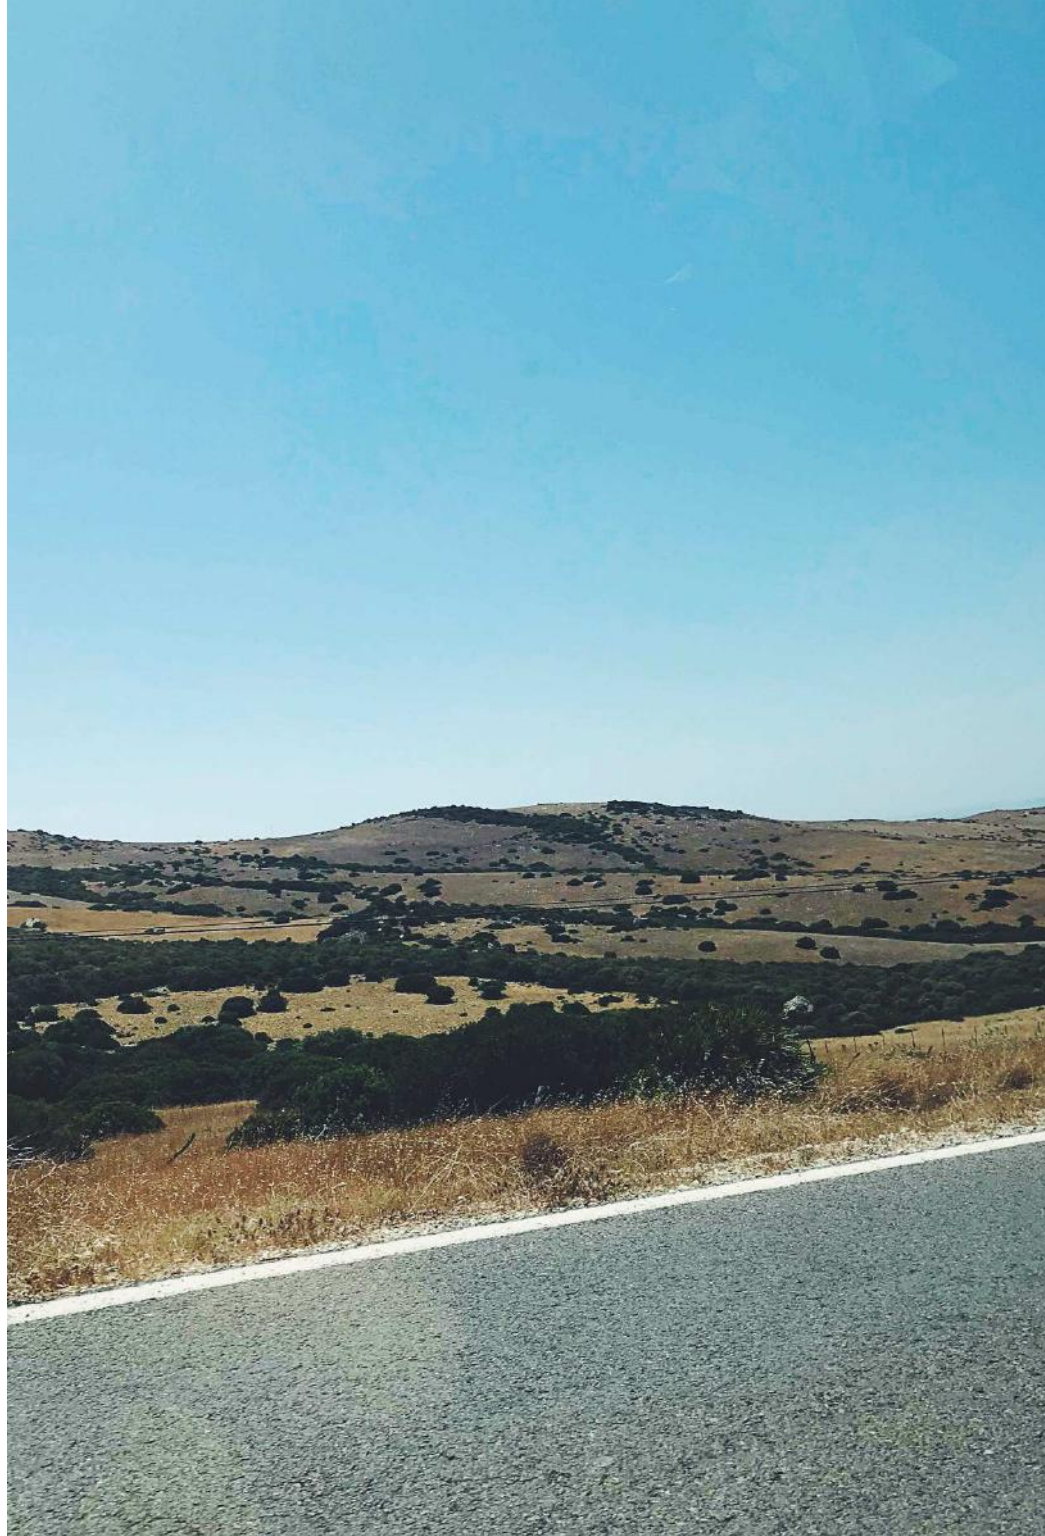

*Maria Vidoza* is a passionate artist that was inspired to make this book in order to showcase the beauty of her travels and everyday surroundings. As a young adult, having this book has inspired Maria to explore all parts of the world

*Home and Abroad* is dedicated to my home town and the wonderful country that I visited over the summer. This book captures the subtle beauty that Montreal has to offer and the incredible warmth that Spain captivated me in. From the city lights to the spanish suburbs this book captures the beauty of it all.
