

# ZEPHYR OZONE

Get down low and crank out those watts. This top of the line Zephyr time trial and triathlon bike is meant for the meanest and most aggressive riders. Built up with top of the line components and kitted with CeramicSpeed bearings throughout, this bike is not for the faint of heart. Tear through the wind like no other. Break all your records, go for gold!

# ZEPHYR STRATO

With a slightly more compliant top tube, this bike is the more comfortable of the Zephyr TT bike lineup. Built for the Protriathlete, this bike will zip you through that bike with keep you in enough shape to finish with the best run of

your life. Disc brakes allow for a more aerodynamic frame, while providing the utmost control through corners and on descents.
