# Learn More

You'll be brought to the “Norton Setup” section  
click the “Learn More” button below

The screenshot shows a desktop environment with a laptop, a pen holder, a potted plant, and a calendar. A yellow box highlights the 'NORTON SETUP' header in the top left corner. A yellow checkmark icon is positioned over the laptop's trackpad. Below the laptop, the text 'Get Norton Security' is displayed. Underneath this, a sub-header reads 'Our best protection for any way you choose to connect', followed by a bulleted list of features: 'Provides real-time protection against existing and emerging viruses and malware.', 'Protects better and faster than the competition.', and '100% guarantee: From the moment you subscribe, a Norton expert is available to help keep your device virus-free, or give you a refund.' A yellow 'Learn More' button is located at the bottom center of the page.

NORTON SETUP

Get Norton Security

Our best protection for any way you choose to connect

- Provides real-time protection against existing and emerging viruses and malware.

# Install

# Ready to Download

You have the option to “Install on this Device” or if you own another device with Norton “Install on Another Device”

The screenshot shows the 'NORTON SETUP' window with a progress bar at the top. The progress bar has three stages: 'Subscribe to Norton' (completed with a green checkmark), 'Agree & Download' (current step with a blue circle), and 'Install Norton' (not started with a grey circle). Below the progress bar, the text reads 'Your Norton Security is ready to download'. There are two main options: 'Install on this Device' and 'Install on Another Device'. The 'Install on this Device' option includes an icon of a computer with a download arrow and a button labeled 'Agree & Download'. The 'Install on Another Device' option includes an icon of two computers and a button labeled 'Send a Download Link'.

**NORTON SETUP**

Subscribe to Norton **Agree & Download** Install Norton

Your Norton Security is ready to download

**Install on this Device**

If you're using the device you want to protect, click the button below to install.

Agree & Download

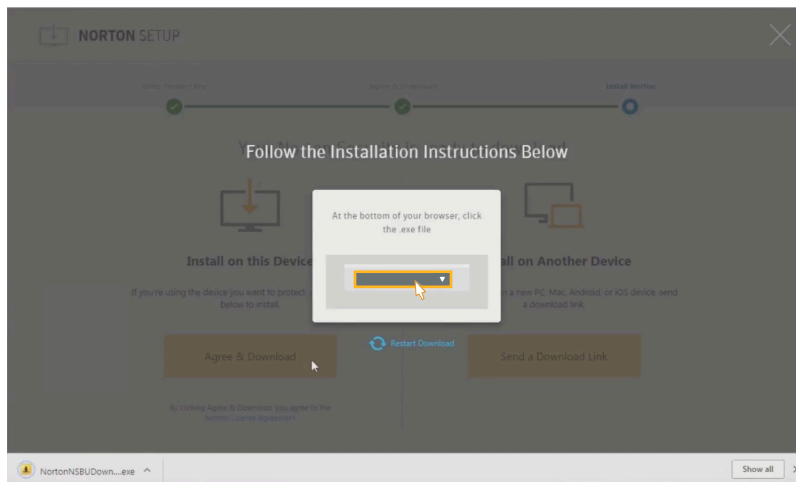

**Install on Another Device**

To install Norton on a new PC, Mac, Android, or iOS device, send a download link.

Send a Download Link

# Product Key

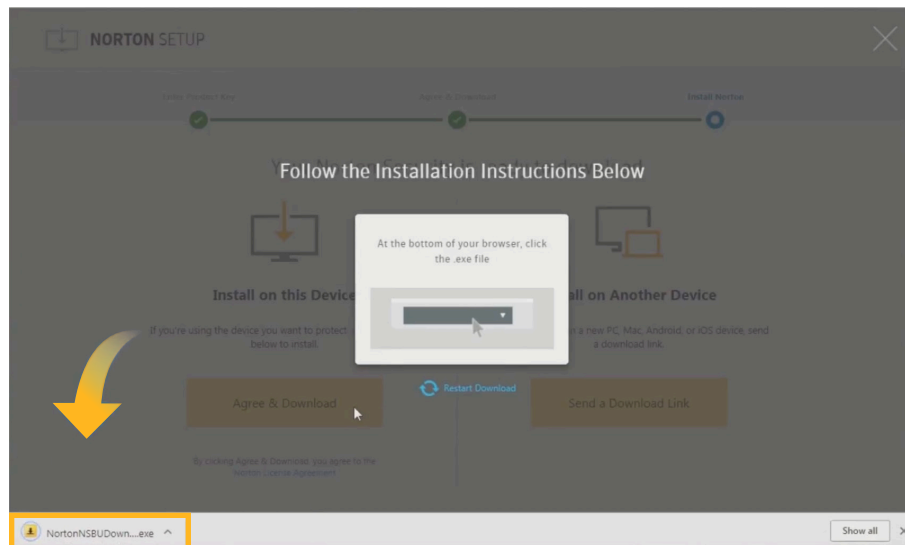

Select the “Install on this Device”, then enter your “product key” in the textbox

You can find the “product key” in the order conformation email received from Norton after purchasing

# Pop-up

In the bottom, left corner of your screen there will be a pop-up showing the **download** in progress

Once **completed** click on it

20

# Download Manager

It will open up the **Norton Download Manager**

Norton Download Manager

157.29 MB

Norton Security

Downloading...less than one minute remaining

15%

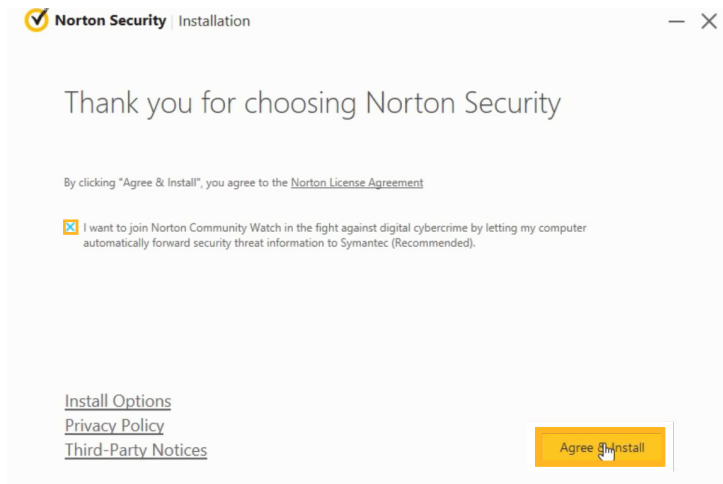

Pause Download

— x Once the download is completed the **“User Account Control”** will pop-up and verify your authorization of this download. Click the **“Yes”** button

# Norton Community

If you want to **join Norton Community** in the fight against digital cybercrime by letting your computer automatically forward security threat information to **Symantec**

**(Recommended)** click the check box on the left.

22

# Dashboard

# Dashboard

After the download has completed you'll be brought to your Norton Security **Dashboard** where you can monitor your “**Security**”, “**Identity**”, “**Backup**”, “**Performance**” and “**More Norton**”.

The screenshot shows the Norton Security Dashboard. At the top left is the Norton Security logo. On the right, it says "Signed in as:" followed by a minus sign and an "X" icon. Below this is a navigation bar with "Settings", "Help", and a search icon. The main content area features a large green checkmark icon on a monitor, with the text "You Are Protected". Below this, it shows "Protection Updates: 8/11/2017" and "Last Scan: 23 hours ago | Quick Scan". At the bottom, there is a horizontal menu with five categories: Security, Identity, Backup, Performance, and More Norton. Each category has a corresponding icon and status: Security (Protected), Identity (Protected), Backup (Not Set Up), Performance (Protected), and More Norton (More Protection).

Security	Identity	Backup	Performance	More Norton
Protected	Protected	Not Set Up	Protected	More Protection
